RE: Tariff Implications

Dear Valued Customer,

As you know, on May 14, 2025, the United States initiated a 90-day pause on China Reciprocal Tariffs. Following our April 28, 2025, price increase announcement, where we indicated that prices would be adjusted based on tariff changes, we are pleased to inform you that, effective June 9, 2025, we have reduced prices on products impacted by the aforementioned China Reciprocal Tariffs. We will continue to closely monitor the tariff situation and make necessary adjustments.

Please note that the following China tariffs remain in effect and have not been modified:

- Section 301: 25% (implemented in 2018)
- IEEPA: 20% (International Emergency Economic Powers Act)
- Section 232: 25% (Steel and Aluminum based on HTS codes)
- Reciprocal: 10%

We recognize your continued patience and understanding.

Thank you for your business. We appreciate it.

Sincerely,
