

May 30, 2025

Subject: **Adjustment to June 2 Price Increase (USA)**

At Watts, we are constantly collaborating with our partners to lead in our response to changes in market conditions. Assessing the volatility in the last couple of weeks, working through the details, and ensuring that we stay at the forefront of meeting the needs of the market, we are electing to **Adjust** our June 2 price sheet.

As a result, we will **NOT** be implementing the June 2, 2025, price increase for the product categories listed below. Pricing for these categories will revert to the levels implemented on March 31, 2025.

Valves	Reverted to March 31, 2025
HVAC	Reverted to March 31, 2025

We will be implementing our announced Drains Increase as follows:

Drains	IMPLEMENT JUNE 2, 2025
Orion	15%
Blucher	10%
Cast Iron & Trench	5%

We know that you have been managing uncertainty alongside us, and we want to thank you for your understanding as we navigate our way through this dynamic market environment together.

Pricing files will be available as soon as possible from your local Watts reps.

If you have any questions, please contact your Regional Manager or the Watts Pricing Department.
