MEMORANDUM

To: United Brass Works Inc. Customers

From: Kathy Trogdon
Corporate Sales Manager

Date: 1/12/26

Re: Price Increase February 6, 2026

United Brass Works will be issuing new List price sheets with an effective date of February 6, 2026. This price change is driven by increases in metal costs, labor, insurance, freight and other general operating expenses. This increase averages between 4% to 6% across our product lines. There are exceptions where the increase exceeds 6%, mainly valves with ductile iron and/or cast steel components that have been affected by tariffs. New List price sheets will be available for download from our website at www.ubw.com.

All orders that are placed and scheduled to ship on or before February 5th will be honored at current prices.

Should you have any questions, please feel free contact me at 800-334-3035 ext. 235.

Thank you,

Kathy Trogdon
Corporate Sales Manager
