

May 15, 2026

To Our Valued Nucor Customers,

Please be advised that effective immediately, Nucor Tubular Products – Trinity will implement a price increase due to ongoing market pressures. These include sustained increases in raw material costs, tightened transportation capacity, and rising fuel expenses.

The following minimum increases will apply:

- A53 Pipe: \$60/ton
- Sprinkler Pipe: 5%

These adjustments apply to all new orders, quotes, and any contracts not previously confirmed by Nucor.

We recognize that price changes are never easy, and we remain committed to working closely with you to navigate these market conditions.

If you have any questions or would like to discuss your specific needs, please contact your Nucor sales representative.

We appreciate your continued partnership.

Sincerely,

Stephen R. Funk
